

Web Site / Email Hosting

IT Strategic provides a range of Web Site & Email Hosting facilities. We can help assess what will best suit your needs. Sites are hosted on our own servers (based with a major co-location facility – incorporating high security, redundant power supply & internet connection & high bandwidth – specs available on request). Consequently we can tailor set up and hosting to your specific needs. The following allows you to cost your web site and email hosting:

Web Site Hosting

Basic Site => \$50 Set Up + \$10/month (+GST) includes:

- 10mb disk space
- Secure Upload Account
- Domain Name Service for Web Site & Email
- up to 30 minutes of technical support.¹

Additions:

- Use of scripting CGI & PHP, etc – add \$6/Month (+GST)
- Use of additional scripting (Fast CGI, Mod Perl Etc) – price on application.
- Use database facility (MYSQL etc) – add > \$40² (+GST)
- Domain registration = \$75 (+GST)
- Additional disk space – Additional 10Mb = \$7/Month (+GST)
- Additional Sub-Domains (within your domain – xxx.yourcompany.com) \$15 Set Up + \$1/Month (+GST)
- Additional domains pointed to a single account \$40 Set up & \$5/Month (+GST)

Email Hosting

Start with **either**:

- Diversion only Account (no POP/IMAP Accounts) \$25 Set up & \$3/Month (+GST) (includes 1 email mapping)

or

- POP/IMAP Account \$25 Set Up & \$8/Month (+GST) (includes 1 POP/IMAP account & 10 diversions).

Additions

- Additional Diversions – 75c/Month (+GST)
- Additional Full POP/IMAP Account \$4.50c/Month³ (+GST)
- Additional Enhanced POP/IMAP Account \$8/Month⁴ (+GST)
- Additional Mail Storage – Add 100Mb Storage space \$2/Month (+GST)

¹ Price based on inbound bandwidth use not exceeding 100 Mb/Month. An absolute cut off does not apply, however periodic usage checking may result in a pricing review.

² Price may vary considerably depending on database size and functionality. Please consult with us on your requirements.

³ Full account includes 50Mb of mail storage, a 200 Mb monthly transfer quota, virus scanning, spam protection and web based access.

⁴ Enhanced account includes 150Mb of mail storage, a 750 Mb monthly transfer quota, virus scanning, spam protection and web based access.
